DESTINATION

••• LIEGE

Coming to HELMo means discovering a very rich and diversified region close to Germany, the Netherlands, France and Luxemburg. Liège has long been described as being one of three sisters, together with Aachen (in Germany) and Maastricht (in the Netherlands).

Studying in Liège means also discovering a city with a rich historical, cultural and industrial past. It is the largest city of the French-speaking community in Belgium and is the economic capital of the Walloon Region. Called "la Cité Ardente" with reference to the independent spirit of its inhabitants, Liège has a lot of museums and prestigious cultural institutions like the Orchestre Philharmonique Royal de Liège, The Opéra Royal de Wallonie or the new Theatre, the Reflektor for music concerts...

As a student town, Liège has an important social life and is crawling with pubs, cinemas, restaurants, sports centres, etc...

From being an old steel-manufacturing-based town, it has successfully undergone a transition into developing high-technology industries and services: with some significant development poles in sectors such as space, biotechnology, transport and logistics...

But the most significant point is that Liège is a warm open-minded town, thanks to its geographical position mixing French, Flemish, Dutch and German cultures.

THE INTERNATIONAL RELATIONS OFFICE AT HELMO

The main International Relations office is managed by :

Julie Guiot
(Head of the department)
j.guiot@helmo.be
+32 4 200 61 07

Manon Habay
(Incoming and outgoing students officer)
m.habay@helmo.be
+32 4 220 16 23

We work in close collaboration with the international coordinators from the different study programmes.

One of the most important aims of the international office is to increase the number of exchange students (outgoing and incoming).

Therefore, incoming students are very welcome to HELMo:

Compulsory welcome days at the beginning of each semester (in September and in January) – social, cultural, linguistic and integration activities are offered during these days. Students usually meet the international coordinator of their study programme, they also have the opportunity to discover the department and to meet other Erasmus students. They have to attend a conference about the Belgian Culture and habits.

A **module called “Belgian Culture and Heritage” (BCH)**: It gives incoming students the opportunity to visit Belgian towns, to taste traditional Belgian meals, to discover regional product makers. It can be included in the Learning agreement for 2 ECTS.

French as a foreign language

As most of the study programmes are taught in French, we recommend students to have a very good level in French; in some departments, the B1 level is required.

Therefore, in order to help the incoming students improve it, HELMo offers a French course (5ECTS) during the autumn semester. And during the spring semester, HELMo has a partnership with ISLV - University of Liège (5 ECTS).

However, the business department offers a 30 ECTS programme in English ONLY during the autumn semester.

Academic recognition: HELMo adheres to the fundamental aims of the Bologna process, and to transcribe the records obtained abroad, HELMo uses the Egracons system (<http://egracons.eu/>).

ESN Team was set up to organize activities for incoming students, to help them during their stay in Liège;

The ESN will:

Pick up students on arrival

Help students find accommodation

Advise about events at HELMo, in Liege or even in Belgium (concerts,...)

Organize sport, cultural and social activities

Do not hesitate to check our facebook page "ESN HELMo"
